UNIVERSITY OF BIRMINGHAM LEARNING CENTRE REFURBISHMENT

KEY FACTS
CLIENT
UNIVERSITY OF BIRMINGHAM

YEAR COMPLETED
2013

ARCHITECT
GLANCY NICHOLLS

CONSTRUCTION COST
£1.2M

PROJECT DESCRIPTION
QMP provided client side project management & quantity surveying services for the scheme, which involved remodeling the lower ground and ground floor of the existing building, complicated by the requirement to consider existing solar gains/heating concerns.

The new space provided includes a new link bridge and stair access, remodelling of all internal learning spaces, new acoustic baffles, rationalisation of access, new external finishes and small extension to café linked to all floors.

SERVICES PROVIDED
Project Management and Procurement
Quantity Surveying
Contract Administration
